§ 1 Basic regulations

This price list is an integral part of the library regulations of the Austrian National Library.

All specified prices are in € (Euros) and include 10 % reduced rate VAT. With transnational services a VAT-exempt invoice (net invoice without Austrian VAT) may be issued, provided certain conditions are fulfilled, such as those relating to VAT taxable entrepreneurial activities or certain services for clients from outside the EU.

In the event of doubts about meeting the requirements for a VAT-exempt invoice, the ANL reserves the right to add Austrian VAT to the net invoice.

For third-party countries and overseas, calculated bank costs to the sum of € 10.90 may be deducted in the case of free-of-charge bank transfer or credit card payment to ANL.

For dispatch of reproductions and publications by the Austrian National Library, any postal charges (depending on weight) and registered mail fees will be invoiced according to standard postal rates.

If delivery by e-mail is requested, the ANL shall be deemed to have rendered its services at the time the link or digital version of the ordered reproductions is sent. Therefore, at that moment any electronically rendered service is deemed to be concluded.

(A) Prices for the reproduction of original items belonging to the Austrian National Library

§ 2 General regulations

The fees listed in this section (A) apply exclusively to reproductions made for personal (private) use (in compliance with §42 Copyright Act). For all uses that go beyond this (for publication, exhibitions, internet, etc.) additional service charges apply (see section (B), §§ 9 – 27).

The prices set out below do not apply for especially at-risk holdings or those declared special in some way. In those cases prices are arrived at by agreement. Prices for uses not set out in the list of charges are similarly arrived at by agreement.

The Austrian National Library is Austria's central archival library. It follows that reproductions of its holdings can be made only in accordance with strict conservation conditions. In cases of doubt the responsible library staff member decides on the permissible forms of reproduction.

The client alone is responsible for observing copyright, personal rights, and other legal conditions.
