- (5) The effective date of this agreement shall be the date when both parties sign this agreement.

§ 2 Costs

- (1) All Costs connected with this loan (Insurance, Documentation, Packaging, costs for accommodation and travel expenses of servants authorized by the Lender, customs, scientific editing, administrative Costs, Adaption, labour – and ancillary labour costs on a pro-rated basis of the Lender's employees that are prevented from their usual performance by this loan, and all other costs that may arise eg. for restoration) are borne by the Borrower. The Lender has the right to determine the amount of the costs unilaterally and incontestably.
- (2) A summary of the estimated costs to be borne by the Borrower is provided in the additional provisions (attachment 2). The Lender reserves the right to claim those costs that arise in conjunction with this agreement from the Borrower that cannot be fixed or were not known at the time of the effective date of this agreement (eg. additional costs caused by a longer detention of a courier, not yet fixed customs fees etc.).
- (3) The costs are due upon invoicing. The amount has to be paid by the Borrower within 14 days after the invoicing without any discount. In case of belated paying, a reminder fee and default interest will be charged additionally. Packaging and transport of the loan items occur only after the Lender has received the invoiced amount.
- (4) In case the Borrower does not require one or several loan items (attachment 1), he however has to bear all expenses incurred in connection with the preparation of the loan item(s) by the Lender (eg. cleaning, restoration, conservation measures, packaging for transport, administrative costs etc.).

§ 3 Risk transfer and liability

- (1) Notwithstanding the existence of an insurance coverage according to § 4 of this agreement, the Borrower is, irrespective of his fault, liable for the loss, damage and destruction for the term of „Pin to Pin“ up to the amount of the insurance value fixed in attachment 1. Any destroyed item remains in the ownership of the Lender.
- (2) In case of any damage to the item, the Lender is entitled to unilaterally and incontestably determine the amount equal to the costs of repair and the obsolescence up to the insurance value.
- (3) The parties mutually agree to extend the Lender's notice period according to § 982 ABGB to one year.
- (4) The Borrower is, irrespective of any insurance indemnification payments, liable for full payment of compensation.

§ 4 Insurance

- (1) The Borrower commits himself to insure the loan items for the term including outgoing and return transport from „Pin to Pin“ at it's own expense against all risks with an insurance company excepted by the Lender and the insurance sum specified in attachment 1. Due to the principle of non-insurance of federal property loan items don't have to be insured when the Borrower is an Austrian federal institution (see attachment 2).
- (2) The insurance policy must show that the Lender is the sole beneficiary entitled to receive any insurance benefits, that the insurance has been assigned to the benefit of the Lender and that, in departure from Sec. 11 of the AÖTB (Austrian Standard Transport Insurance Terms), the value specified by the Lender shall be recognised and shall not be disputed in the event of a claim (= agreed value).
- (3) The insurance policy and any amendment to the insurance contract including all necessary authorisations, powers and documents have to arrive at least eight (8) business days before packaging and transport of the loan items at the Lenders address.
- (4) In case the Lender agrees to extend the term, the Borrower assures at it's own expense the prolongation of the insurance coverage. The original insurance policy restricted to the Lender as Named Insured is provided at least eight (8) days before the beginning of the extended term.
- (5) In case of theft, loss, or total destruction etc., the total insurance value of the loan item specified in attachment 1 has to be reimbursed.

§ 5 Transport, Packaging

- (1) Packaging and transport of the loan items occur only after the insurance policy and any amendment to the insurance contract including all necessary authorisations, powers and documents have arrived at the Lender's address.
- (2) The transport of the loan items is carried out by a carrier / or a transport company that is appropriate for and experienced in carrying out art transports. If the insurance value exceeds € 10.000,-, the transport has to be carried out by a specific art transport company. The choice of the transport company, the type of transport and the definition of the route of the outgoing and return transport are obligatory subject to attachment 2 (additional provisions). If the calculated insurance value of all loan items listed in this lending agreement does not exceed € 10.000,-, the Borrower is in accordance with the Head of the concerned collection of the Lender and ensuring appropriate security measures free to organize the transport by himself (eg. pickup by a professional employee). Items which need special care and transport due to their dimensions or conditions are excluded from this regulation (eg. globes).
- (3) All transport- and ancillary transport costs (eg. customs and insurance costs), including the costs of a transport guide necessary at the discretion of the Lender by an employee or agent of the Lender are borne by the Borrower.
- (4) Basically, the transport will be guided by an employee of the Lender if the insurance value of all loan items mentioned in this lending agreement exceeds € 10.000,- (1 Person Courier Guidance). If the total value of the insured items exceeds € 10.000 and the value of the single loan items does not justify courier Guidance, the Lender can in accordance with the head of the concerned collection refrain from such courier guidance.

- (5) Refund for the costs of transport- and/or courier guidance is based on the Austrian travel cost Regulation (Reisegebührenvorschrift). The courier or the transport guide basically travels economy class by plane. Outside of Europe, business class travelling can be agreed upon (especially for intercontinental flights). When travelling by rail, the courier is entitled to book first class. The Borrower arranges appropriate accommodation for the courier or transport guide during the stay. The costs for accommodation are borne by the Borrower. The Lender's decision about the duration of necessary courier guidance shall be made by the head of the concerned collection in accordance with the Borrower.
- In case the assembling of the exhibition is delayed by act of god, strike, flight delay or other circumstances that justify a longer stay or a longer overall travel time of the courier, the Borrower bears all costs in conjunction with this longer stay or overall travel time of the courier.
