§ 1 Basic regulations

This price list is an integral part of the library regulations of the Austrian National Library.

All specified prices are in € (Euros) and include 10 % reduced rate VAT. With transnational services a VAT-exempt invoice (net invoice without Austrian VAT) may be issued, provided certain conditions are fulfilled, such as those relating to VAT taxable entrepreneurial activities or certain services for clients from outside the EU.

In the event of doubts as to whether the requirements for a VAT-exempt invoice are satisfied, the ANL reserves the right to add Austrian VAT to the net invoice.

Where services are provided electronically to consumers, with effect from 1.1.2015 the EU applies the consumer location principle, which means that the VAT of the country where the recipient of the service is located will be charged in invoices.

For non-EU countries, bank costs charged to the amount of € 10.90 may be deducted if payments to ANL are made by bank transfers free of charge or by credit card. .

For dispatch of reproductions and publications by the Austrian National Library, any postal charges (depending on weight) and registered mail fees will be invoiced according to standard postal rates.

If delivery by e-mail is requested, the ANL shall be deemed to have rendered its services at the time the link or digital version of the ordered reproductions is sent. Therefore, at that moment any electronically rendered service is deemed to be concluded.

Please note that we will charge a service fee of EUR 5,- for the cancellation of an invoice and the issuing of a new invoice (e.g. in the case of a new billing address).

(A) Prices for the reproduction of originals belonging to the Austrian National Library

§ 2 General regulations

The fees listed in this section (A) apply exclusively to reproductions made for personal (private) use (in compliance with §42 Copyright Act). For all uses that go beyond this (for publication, exhibitions, internet, etc.) additional service charges apply (see section (B), §§ 9 – 27).

The prices set out below do not apply to especially at-risk holdings or those declared special in some way. In those cases prices are arrived at by agreement. Prices for uses not set out in the list of charges are similarly arrived at by agreement.

The Austrian National Library is Austria's central archival library. It follows that reproductions of its holdings can be made only in accordance with strict conservation conditions. In cases of doubt the responsible library staff member decides on the permissible forms of reproduction.

The client alone is responsible for observing copyright, personal rights, and other rights.
